It is my pleasure to recommend Joe Oliveri and Oliveri Architects. I have worked with Joe for the past 15 years, as an Architect, consultant and customer.

Our jobs have run the gamut from designing and overseeing the construction of new buildings, extensive remodeling to site and space planning. Joe expertly guided us through sticky regulatory issues, saving us time and money.

Through every phase of our experience with Oliveri Architects they have been professional, timely and on budget.

Oliveri & Architects "Gets It".

I consider it a privilege to recommend Oliveri Architects.

Sincerely,
